

## HAMBURG HYDRAULICS EXPERT JETSCHKE HYDRAULIK NOW A PART OF GRANIT

With the hydraulics specialists from Jetschke Hydraulik, GRANIT PARTS will in future be integrating a comprehensive range of hydraulic repairs into its service offering. In the future, the spare parts wholesaler will rely on the expertise and modern technology of Jetschke's renowned workshop for the repair of hydraulic systems. As part of the GRANIT Service Centre, GRANIT customers can now book the services of Jetschke Hydraulik at [www.granit-parts.com](http://www.granit-parts.com).

**Heeslingen, 4 October 2022** - GRANIT PARTS has taken over Jetschke Hydraulik GmbH from Hamburg since June 2022. The spare parts wholesaler from Heeslingen fully integrates the hydraulics expert into its existing service concept. With this takeover, GRANIT customers now have access to a wide range of workshop offers for hydraulic systems from renowned experts in the GRANIT webshop.

As a former subsidiary of Linde Hydraulics GmbH & Co. KG, the experts at Jetschke Hydraulik already have more than 20 years of experience in the repair and maintenance of hydraulic systems from renowned manufacturers. The range of services also includes hydraulic and transmission tests using specially designed, highly modern test benches. The workshop in Hamburg, which is equipped with an extensive range of state-of-the-art machinery, enables GRANIT to comprehensively expand its services within the GRANIT Service Centre.

"We believe that the repair of hydraulic systems has great potential today and especially in the future. We are all the more pleased that in Jetschke Hydraulik we have found a company that shares our standards of service and product quality in equal measure," says Hans-Peter Fricke, Managing Director of the FRICKE Group, expressing his delight at the acquisition.

In addition to the integration of Jetschke Hydraulik GmbH into the GRANIT Service Centre, the wholesaler for agricultural and construction machinery, municipal and garden technology and hydraulics is also strengthening its partnership with the global manufacturer of drive systems, Linde Hydraulics. By connecting to the after-sales programme of the Aschaffenburg-based manufacturer, both companies will enter into a close cooperation in the future.
