

APPRENTICESHIPS 2024: THE FRICKE GROUP INVITES YOU TO THE APPRENTICE INFO DAY

Choosing a training occupation or a dual study programme is difficult. With the Apprentice Info Day, the FRICKE Group will once again provide interested parties with comprehensive information about the apprenticeships offered by the corporate group for 2024. A total of twelve apprenticeships from the commercial and technical sectors and six dual study programmes are presented. The FRICKE Apprentice Info Day will take place on September 22nd between 3:00 p.m. and 5:00 p.m. in the FRICKE Campus at the headquarters in Heeslingen. Those interested can find further information about the apprenticeship opportunities at FRICKE at karriere.fricke.de.

Heeslingen, September 14, 2023 – Training young people is still one of the best recipes for success for the FRICKE Group, even after 100 years. In August, a record number of 91 trainees and dual students started their professional careers at the family-run group. This year, the Apprentice Info Day taking place on September 22nd will once again mark the official start of the beginning of training in 2024. The FRICKE Group invites students to take this opportunity to find out about the diverse apprenticeships offered at the main location. The event will take place from 3:00 p.m. to 5:00 p.m. on the ground floor of the FRICKE Campus, Zum Kreuzkamp 7 in Heeslingen.

More than Agricultural Technology

FRICKE is one of the largest training companies in the agricultural technology industry in Germany. However, the trading company not only offers varied apprenticeships to prospective agricultural and construction machinery mechatronic engineers or agricultural managers. The offer includes apprenticeships from wholesale and foreign trade management to metal workers and IT specialists as well as dual study programmes such as industrial engineering and e-commerce.

Pressemitteilung

At the Apprentice Info Day on September 22nd, current and former trainees, team leaders and workshop foremen will give a first-hand insight into all six dual study programmes and twelve apprenticeships in the FRICKE Group. In addition, a company tour provides an exciting look behind the scenes at the headquarters in Heeslingen.

With the application portfolio check, the students also receive valuable tips from professionals for their application at the Apprentice Info Day. The FRICKE Group also reserves the right to give priority to all applications from participants on the Apprentice Info Day. The visit is worth it in several ways.
